hydrobiologia volume 264 (1993), contents

no. 1

A. Yáñez-Arancibia, A. L. Lara-Domínguez & J. W. Day Jr.: Interactions between mangrove and seagrass habitats mediated by estuarine nekton assemblages: coupling of primary and secondary production 1

S. V. Briggs, M. T. Maher & D. J. Tongway: Dissolved and particulate organic carbon in two wetlands in southwestern New South Wales, Australia 13

T. Alm & E. Willassen: Late Weichselian Chironomidae (Diptera) stratigraphy of Lake Nedre Æråsvatn, Andøya, Northern Norway 21

M. D. Eyre, J. G. Pilkington, R. Carr, R. P. McBlane, S. P. Rushton & G. N. Foster: The running-water beetles (Coleoptera) of a river catchment in northern England 33

W. Hamza, M. Manca & D. Ruggiu: Field estimates of zooplankton community grazing in the limed Lago d'Orta (Italy) by the use of a radioisotope-free technique 47

C. D. Jersabek & W. Koste: Additional notes on taxonomy and ecology of *Anuraeopsis miracleae* Koste, 1991 (Rotatoria : Monogononta) from an Austrian alpine lake 55

Short note

J. Mees & N. Fockedey: First record of *Synidotea laevidorsalis* (Miers, 1881) (Crustacea: Isopoda) in Europe (Gironde estuary, France) 61

no. 2

R. K. Edgar & K. Laird: Computer simulation of error rates of Poisson-based interval estimates of plankton abundance 65

S. M. Rahmatullah & M. C. M. Beveridge: Ingestion of bacteria in suspension Indian major carps (*Catla catla, Labeo rohita*) and Chinese carps (*Hypophthalmichthys molitrix, Aristichthys nobilis*) 79

R. Markošová & J. Ježek: Bacterioplankton interactions with Daphnia and algae in experimental enclosures 85

M. O. García de Emiliani: Seasonal succession of phytoplankton in a lake of the Paraná River floodplain, Argentina 101

L.-o. Sanoamuang: Comparative studies on scanning electron microscopy of trophi of the genus *Filinia* Bory De St. Vincent (Rotifera) 115

no. 3

P. Madoni: Ciliated protozoa and water quality in the Parma River (Northern Italy): long-term changes in the community structure 129

J. R. Bidwell & A. G. Heath: An *in situ* study of rock bass (*Ambloplites rupestris*) physiology: effect of season and mercury contamination 137

I. Hudec: Redescription of *Daphnia deserti* (Gauthier, 1937) (Crustacea: Daphniiformes: Daphniidae) 153

M. Manca & A. G. Tognota: Seasonal changes in morphology and size of *Daphnia hyalina* Leydig in Lago Maggiore 159

H. Löffler: Anostraca, Notostraca, Laevicaudata and Spinicaudata of the Pannonian Region and in its Austrian area 169

G. R. Lotufo & C. E. F. da Rocha: Intertidal interstitial *Halicyclops* from the Brazilian coast (Copepoda: Cyclopoida) 175

E. O. Wakwabi & V. Jaccarini: The distribution and abundance of planktonic penaeid larvae in Tudor creek, Mombasa, Kenya 185
